5. Happy Thanksgiving to all!

We hope everyone gained some valuable information from today's meeting, thanks to everyone for the great interaction!

This information will be available on our Mid Tennessee Stormwater Facebook page.

- **Next Meeting:** Wednesday December 13, 2017

(Details on next Agenda)

Adjourned:

10:45 am

Respectfully submitted,

W. Garrett

Stormwater Coordinator/Goodlettsville TN.

Forming Partnerships

Operators of regulated small MS4s are encouraged to utilize partnerships with other governmental entities to fulfill this minimum control measure's requirements. It is generally more cost-effective to use an existing program, or to develop a new regional or state-wide education program, than to have numerous operators developing their own local programs. Operators also are encouraged to seek assistance from non-governmental organizations (e.g., environmental, civic, and industrial organizations), since many already have educational materials and perform outreach activities.
